

Think Virtual. Think Professional. Think IPM.

Citrix Consulting Engineer – Full Time Employee

IPM is a New York City based IT consulting firm specialized in the design and integration of virtualization solutions across the enterprise. We are recognized as the go-to partner for virtualization of IT infrastructure (network, server and storage platforms), business applications and desktop systems by prominent technology vendors and globally recognized professional service firms alike. IPM has served clients across NY, NJ, CT and FL for over 25 years and is a Citrix Platinum, Microsoft Gold, EMC Velocity, VMware Premier and AppSense partner.

Due to strong demand and growth in the VDI space, IPM has an immediate need for Citrix Consulting Engineers. The ideal candidate will be a key contributor to projects involving the assessment, design and implementation of complex Citrix XenDesktop and Citrix XenApp solutions. The associated architectures may integrate Citrix with multiple hypervisors, including: Hyper-V, XenServer, and/or VMware Vsphere. Architectures may also include other products from the Citrix and Microsoft suites, such as Provisioning Server, EdgeSight, App-V or Med-V.

Responsibilities Include:

- Performing on-site assessments and infrastructure analysis
- Creating advanced designs and contributing to project plans
- Implementing solutions
- Working in conjunction with project managers to ensure a smooth deployment
- Supporting existing and new deployments

Minimum Requirements:

- 4+ years of implementation experience with Citrix (XenApp 4.5 and later)
- Must have working knowledge of Active Directory and GPO 4 + years in a consultative role with frequent customer interaction (internal at an Enterprise Account accepted)
- Knowledge of System Center is a plus
- Experience leading large enterprise projects and requirements
- Experience in support role for Citrix related services
- Experience developing customer relationships and strong rapport
- Excellent customer-facing skills (written and verbal communications) are a must
- Must be a self-starter; take initiative, and be proactive
- Ability to work independently and as part of a larger project team
- Beneficial to have working knowledge of load balancers (preferably Citrix Netscalers)
- Previous experience in enterprise class organizations is strongly preferred
- Candidate must be based in NY Metro area or South Florida
